

36<sup>th</sup> Annual Sale

# HEBBERT

*Charolais Bulls*

Saturday April 14, 2018  
Hyannis, Nebraska

# Welcome!

'2018' marks our 36th annual bull sale. We appreciate the support of the many customers, friends and family who have helped make this possible. Much has changed, yet we remain dedicated to providing seedstock that will enable the cattleman to wean off calves with bred-in performance and be efficient to feed.

We are fortunate to be in a business that connects us with cattle producers from all across the country. We acknowledge the diversity of each operation in its approach towards beef production. Please call if we can assist you in finding bulls to fit your individual breeding program or if you would like additional information about our cattle.

We look forward to visiting with you!

Mose Hebbert & Matt Hebbert

## Ranch History

James Wright, a native of Grant County, Wisconsin, came to Nebraska in 1872 with his parents. They arrived with three teams of oxen and forty head of cattle. In Hamilton County, Nebraska, James bought a homestead right and timber claim of 80 acres. In 1886, he headed west to the Sandhills of Nebraska and settled in Grant County, purchasing land in 1887.

A biography of Western Nebraska settlers noted that James went through hard times after locating here, suffering at different times from droughts, severe storms and prairie fires.

James was the father of four boys. His son, Ben, took over a portion of the ranch and continued in the cattle business, buying additional neighboring homesteads. Opal, one of Ben's three daughters, inherited a share of the land. She and husband, Merle Rex, formed Hebbert & Rex, Inc with their daughter, Merla, and her husband, Mose Hebbert. Their son, Dave, was the fifth generation to ranch in Grant County. Dave and wife, Mickie, raised three sons - Matt, Jake and Josh. Matt, and wife Lacy, are currently raising the seventh generation, Dillon (7) and Waylon (5), on the family ranch.

Mose & Merla

Waylon, Lacy, Matt, Mickie & Dillon

#### **GUARANTEE**

All bulls sell backed by the Hebbert Ranch Guarantee. They are guaranteed throughout the first breeding season against injury or death. If a replacement bull is not available, credit will be issued at the next annual sale. All claims for replacements need to be made by September of the current year.

#### **HEALTH**

Dr. Jon Werth  
Dr. Zach Adam  
Dr. Bill Baker  
Hyannis Veterinary Service  
308-458-2735

Every bull offered for sale will have passed a complete breeding soundness exam. Scrotal measurement information will be available sale day. All bulls tested negative for BVD and will be furnished with interstate health papers.

**Bulls going to states which require trich tests on virgin bulls will be tested before delivery.**

#### **DELIVERY**

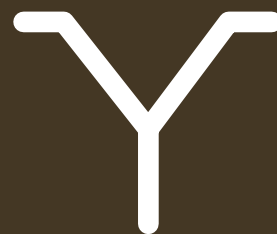

Another added value of our program is free delivery within a radius of 500 miles. Should you choose to haul your own purchases on sale day, we offer a \$100/bull delivery rebate.

#### **ANNOUNCEMENTS**

Announcements from the auction block on sale day take precedence over information in this catalog.

#### **LIABILITY**

Hebbert Charolais does not assume any liability in case of accident or loss of property.

***THIS YEAR'S SALE WILL MARK THE 36TH YEAR OF HEBBERT CHAROLAIS ANNUAL PRODUCTION BULL SALES***

- Nebraska Pioneer Award—1986
- Beef Improvement Federation Seedstock Producer Nominee—1995
- American International Charolais Association Seedstock Producer of the Year—1996
- NCA Outstanding Producer Award—2010
- Area 4 Top Registration Award—2011, 2012, 2013, 2016, 2017

# Sale Bulls

All Hebbert bulls are spring born and weaned in early fall. They are kept on meadows until we trail them 25 miles by horseback to the Storer Ranch, where they are wintered. The bulls are kept in large sandy lots and fed a high roughage, growing ration with a target gain of three pounds per day. All bulls have been performance tested as one group, subject to identical environmental conditions.

## The Crossbred Advantage...

"The advantages of crossbreeding are well documented and can have a big impact on your net return. Heterosis and bred complementarity are the primary benefits realized from a properly planned crossbreeding program. Heterosis is the increase in performance of function above what is expected based on the parents of the offspring. Breed complementarity allows a breeder to capitalize on the strengths of different breeds because no single breed excels at all of the traits that affect profitability."

(Deke Alkire, Ph.D., Author of The Advantages of Crossbreeding)

Pictured below are Charolais Cross feeder calves on weaning day.

# Our Cow Herd

Functional cows are the backbone of our operation. We cull our cows rigorously, keeping only the best. Every cow in our herd carries one brand. They have all been bred, born and raised on the Hebbert Ranch. This has enabled us to stack generations of pedigrees with genetics selected for calving ease, disposition, total performance and structural soundness.

Hebbert Charolais is one of the nation's leading breeders for female enrollments in the AICA Whole Herd Rewards. This program forms the base for the breed's registration and performance programs.

★ Hebbert Charolais  
2011, 2012, 2013, 2016 & 2017  
Area 4 Top Registration Award

The American International Charolais Association's Dam of Distinction program recognizes dams that have consistently weaned calves with above average weaning weights and calving intervals of 380 days or less.

Over the past five years, 2013-2017, Hebbert Charolais is the #2 breeder in the nation for the number of Dams achieving the AICA Dam of Distinction designation.

★ Hebbert Charolais  
has 40 Active  
Dams of Distinction

# REFERENCE SIRES

LT Bluegrass 4017

Bluegrass, sire to LT-HC Blue Rock 0368, Box P Pendleton 9022 and LT Ledger 0332P, is an exceptionally deep ribbed bull with abundant muscling. He is widely used to add calving ease, carcass quality and overall performance. LT Bluegrass 4017 is listed as a 2018 AICA Maternal Calving Ease and Marbling Trait Leader.

LT Ledger 0332 P

Ledger has rapidly set records with his widespread use. His pedigree represents the powerful genetics of AICA Trait Leading Sires and Dams of Distinction. Ledger has exceptional balance from calving ease to growth and performance with carcass trait EPDs in the top 9% for HCW, 20% for REA and 1% for Marbling.

ACC:	0.7	0.89	0.83	0.66		0.42	0.3	0.29	0.23	

Blue Rock 0368 is a ¼ Brother to the \$105,000 LT Ledger 0332. His solid performance is backed by a pedigree with Dams of Distinction Brenda's Ease 3055 and Brenda 1014 and Trait Leading Sires Bluegrass 4017, Wyoming Wind 4020, Assertion 1277 and Prime Cut 764 plus the proven calving ease record of Unlimited Ease 9108.

Top Hand's pedigree reflects proven performance with high accuracy Trait Leaders Ledger 0332, Assertion 1277, Bluegrass 4017 and Rio Bravo 3181 on the top and Oakdale Duke 9003 and Unlimited Ease 9108 on the bottom. His sons are moderate framed and wean above average overall.

## Terminal Sire Index

The AICA Terminal Sire Index (TSI) is a formal method of combining Expected Progeny Differences (EPD) – BWT, WWT, YWT, REA, HCW, MARB and FAT – into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on three year rolling USDA data. The TSI represents a dollar index per terminal progeny produced for a bull in the AICA database, ranking them for profit potential. This dollar index is to be interpreted much like single trait EPD.

ACC:	0.56	0.78	0.78	0.61		0.45	0.3	0.3	0.24	

Pendleton 3334 exhibits traits consistent with Bluegrass sons and grandsons in his deep body and easy fleshing ability. His EPDs of CE rank in the top 6% and BW in the top 7% for active Charolais sires. Box P Lydia7091 and HC Ms Silver 4001 are performance Dams of Distinction.

## Reference Sires—

The bulls we use in our breeding program represent proven genetics. They are consistent in type, moderately framed with above average muscle and excellent feet and legs. The average CE EPD in the sale offering of 6.2 and BW EPD of -0.5 reflects our commitment to calving ease. All of our pedigrees carry a heavy influence of polled genetics.

A.D.G.: Measurement of average daily weight gain of bull on test. Hebbert Bulls are fed a high roughage ration with a target gain of 3 pounds per day. They are performance tested as one group, subject to identical environmental conditions. A.D.G. data is for in herd comparison only.

# In Memory...

---

**Dave Hebbert**  
1950 - 2017

Dave left our family with a legacy that we will honor in the years to come... a love for ranching, raising good cattle, riding good horses, and being a faithful steward of the land.

**HEBBERT**
